VOLUME 60—NUMBER 10. NEWARK, OHIO, TUESDAY EVENING, OCTOBER 8, 1907. TEN CENTS A WEEK.

TO FORTIFY BAY FLEET TO SAIL HEAVILY ARMED

**MOST STRATEGIC POINT IN THE
PHILIPPINE GROUP TO BE
FULLY PREPARED.**

FOR ANY FOREIGN ATTACK

**Ships Will Carry Unlimited War Supplies
in Their Holds as Freight
Departments' Plans.**

Washington, Oct. 8.—War and navy department officials, it has been learned, contemplate two important moves: The hurried fortification of Subig bay in the Philippines, held by naval officials to be the most strategic point in the oriental group, and the provisioning of the Atlantic battle-ship fleet with unlimited supplies of mines, torpedoes and guns, to enable the fleet to rush to the Philippines fully prepared for any attack by a foreign power.

It is learned that the engineer department called on the government for guns for Subig bay. The army was not ready to supply all of the 10-inch coast defense guns needed for the Philippines and especially at Olongapo, Subig bay. The government, therefore, called on the navy for powerful 6-inch guns. These have arrived at Olongapo and will be in position before the shrewdest enemy can be aware of it.

The government has been unwilling to admit that it planned to send other than the normal amount of supplies to the Philippines, but the great ships that have been ordered to the Pacific coast will carry all and a great deal more than will be needed for defense. They will be ready to assume the offensive, if needed. The ships will carry the unlimited war supplies in their holds as freight. In official circles it is stated here that these warlike preparations should not call forth criticism from abroad. It is also agreed now that Olongapo, and not Hawaii, would be the first point of attack by a foreign power.

SISTER

**Seeks Reconciliation With Dying
Brother to Whom She Has Not
Spoken for 25 Years.**

New York, Oct. 8.—Seeking a reconciliation with her brother to whom she has not spoken for 25 years at the moment when he is reported dying, Mrs. Katherine Tingsley, high priestess of theosophy is expected to cut short the proselyting tour she has undertaken in Europe to return to his bedside here. The brother, James Westcott is one of the most widely known as well as one of the wealthiest and Mrs. Tingsley parted 20 years ago. Only recently Mrs. Tingsley passed through New York on her way to Europe, but she did not look up her brother. Westcott contracted pneumonia at the recent Saratoga race meet and when word of his condition was cabled to Mrs. Tingsley she is reported to have made arrangements to return immediately in the hope of seeing Westcott before he dies.

HYSTERIC

**Seized Mother Who Was Called as a
Witness in Case Against An-
archist Son.**

Paris, Oct. 8.—The trial of Jacob Law, the naturalized Russian-American anarchist who fired on French troops from the top of a bus during the May day celebration, began today. Law has written a letter to the court declaring he was suffering from temporary madness and begging leniency. Mrs. Law, mother of the accused, was called as a witness, but before being sworn was seized with a violent attack of hysterics. She finally had to be removed from the court room. While she was being treated, Jacob gazed indifferently at her.

OBJECTIONS

**To President's Policy of Greater Federal Control of Railroads Ex-
pected to Develop.**

Washington, Oct. 8.—Objections to President Roosevelt's policy of greater federal control of railroads, are expected to develop at the meeting of the National Association of Railway Commissioners, which began its deliberations with the Interstate Commerce Commission today. About 70 delegates are present, representing

nearly all the state commissions. It is reported that a resolution will be offered endorsing the President's ideas. If this is done, many of the delegates say it will either be tabled to save the President embarrassment or go down under objections. One objection to the President's policy is the congestion of cases now before the federal commission.

EIFFEL TOWER

**Tallest Structure in the World Will
be Transformed Into Wireless
Station.**

Paris, Oct. 8.—Work has been started by the government on transforming the Eiffel tower, the tallest structure in the world into a wireless telegraph station. It will be supplied with the most powerful apparatus, and it is believed when the station is complete wireless messages can be transmitted from the tower direct to New York.

GENERAL BOOTH IS TO RETIRE

Chicago, Oct. 8.—General William Booth, the venerable head of the Salvation Army, will not give up work, although he has decided to retire at once from the leadership of the Salvation Army. He will devote the remainder of his life to the foundation of the "University of Humanity." "My idea is for the university to have two branches, one in Europe and one in New York," says General Booth.

LABOR UNIONS

**Subject of Vicious Attack by Presi-
dent of National Citizens' In-
dustrial Association.**

Battle Creek, Mich., Oct. 8.—The convention of the National Citizens' Industrial association opened here. The feature of the opening meeting was the address by President C. W. Post of this city. Mr. Post took strong grounds against labor unions and the closed shop. He said: "It is manifestly a much greater restraint of trade, annoyance and loss to the people for the labor trust leaders to tie up a railway and prevent travel and shipments than it is for the oil trust to obtain from the railway rebates not enjoyed by its competitors, for the last is simply a peaceful scrap between business men." Mr. Post advocated the organization of citizens' associations with arbitration tribunals to settle industrial troubles.

O'LEARY IN GOOD SHAPE

Cincinnati, O., Oct. 8.—At 7 o'clock last night Dan O'Leary passed the 700 mile mark in his 1,000 mile walk at Norwood Inn, which he hopes to make in 1,000 hours by covering one mile at the beginning of each hour.

FORMAL CHARGES OF CONSPIRACY

Washington, Oct. 8.—Formal charges were filed today with the department of justice against the Western Union Telegraph company and the Postal Telegraph and Cable company, charging them with a conspiracy in restraint of trade under the Sherman anti-trust law. The striking telegraphers are behind the movement.

YALE PLAYERS HURT

New Haven, Conn., Oct. 8.—It is now stated at the Yale infirmary that Henry Wheaton of Philadelphia, Yale's new halfback, who was hurt in Saturday's game with Syracuse, cannot leave there within a couple of weeks and that it will be fully three weeks before he can play again. His loss is serious as he is the best drop kicker of the squad. Geo. Ade, Henry Holt and Weymouth's '02 full back, joined the coaching squad today.

LIPTON TO RACE HIS NEW YACHT IN BIG REGATTA

London, Oct. 8.—Disappointed over his failure to secure a race for the American Cup, Sir Thomas Lipton will race at home. He has commissioned Pile to design him the largest yacht admissible under the international rule, twenty-three meter class, and will enter all of the big regattas, including that at Kiel. The new five creation for Lipton will be built from plans he prepared in the hope the New York Yacht club would race under the international rule. Yachtsmen who have seen the plans say there is no doubt this new yacht will carry everything before her through the season.

INVESTIGATORS FOUND TUNNEL UNDER THE OHIO

**WHERE IT WAS A SIMPLE MAT-
TER TO GET PLENTY TO
DRINK.**

PROBIBITION NOT A SUCCESS

**In East Liverpool the Largest "Dry
Town" in the State—Ingenious
Evasion of Law.**

East Liverpool, Oct. 8.—Evidence indicates that prohibition measures are not a complete success in this, the largest dry town in Ohio. Following 17 arrests for drunkenness on Saturday night and Sunday—a number almost unprecedented even when the city had 80 saloons in operation—comes the report of a curious discovery on a sort of "no man's island" in the middle of the Ohio river. Recently there have been signs of activity about the island, and a boat has been diligently plying back and forth between it and the mainland. Temperance explorers visited the spot and discovered a tunnel and a cave, neither of which existed before East Liverpool went dry. The entrance to the tunnel is ingeniously hidden by a pile of driftwood and old railroad ties, but once inside the visitor finds the tunnel lighted. Following it, he comes to the cave. There he is confronted by a piece of tin with a slot, into which coins may be dropped. If he cares to experiment he will discover that pushing a dime through the slot will cause a bottle of beer silently to appear in front of him. The deposit of 15 cents will bring a drink of whisky or a quarter will evoke a half pint of the same liquid.

ORDER TO RELEASE FEDERAL PRISONER

Clarksburg, W. Va., Oct. 8.—Judge Dayton, in the federal court Monday directed that an order be returned discharging Frank Richardson from the penitentiary. Richardson has served a sentence of two years for conspiracy against the federal government. He was convicted at Washington, and in addition was fined \$10,000. He was brought here from the penitentiary a few days ago and personally for a writ of habeas corpus asking for his release without paying the \$10,000 fine. Judge Dayton ordered his release.

MRS. CHADWICK'S CONDITION.

Columbus, O., Oct. 8.—Mrs. Cassie Chadwick's condition is practically unchanged today. Dr. Helmick, the prison physician said: "Although very weak, Mrs. Chadwick seems to be holding her own."

BATTLESHIP AGROUND.

Norfolk, Va., Oct. 8.—The battleship Kentucky went aground today off Lambert's Point a few miles below Norfolk. The big war vessel was moving at a moderate speed when she struck. The ship is so firmly wedged on the bar that help has been sent from the Newport News ship yards, while tugs are working with her.

Hit by the Flyer.

Port Clinton, O., Oct. 8.—Lawrence Frantz and Peter Petersen, 23 and 25, were fatally injured by the engine of a Lake Shore flyer. The young men were riding on a three-wheeler speeder when they were run down.

Engine Crew Killed.

Sioux City, Iowa, Oct. 8.—A Milwaukee freight train and switch engine collided at Mitchell, S. D. Engineer Dennis E. Sumner and Fireman Weiland were killed. It was Weiland's second trip.

Rebels Defeated.

Guayaquil, Ecuador, Oct. 8.—A large band of Ecuadorian rebels has been defeated by a detachment of Peruvian police near the city of Piura, Peru. The rebels had planned to invade Ecuador, expecting heavy reinforcements after they had crossed the frontier. In the course of the fighting between the Peruvians and the rebels eight of the latter were killed and 50 were taken prisoners. The rest of the band were dispersed.

Young Rockefeller a Juror.

New York, Oct. 8.—John D. Rockefeller, Jr., was sworn in as a member of the grand jury of the court of general sessions.

JURY HAS CASE.

Chardon, Oct. 8.—The case against Banker R. N. Ford of Burton, charged with embezzlement, came to the jury today. The bank failed four years ago for \$1,250,000.

SEVENTH REGIMENT WILL BAR APPOINTMENTS

COLONEL APPLETON TESTIFYING BEFORE THE WAINWRIGHT COMMISSION

New York, Oct. 8.—Colonel Daniel Appleton, for 18 years commander of the Seventh regiment, told the Wainwright commission that his regiment would ignore any military code passed by the state calling for the appointment instead of the election of officers. He qualified his statement by saying that his command would keep within the letter of the law.

FRENCH DEPUTIES MAKE A BREAK WITH SOCIALISTS

Paris, Oct. 8.—The repudiation by the Republican majority in the chamber of deputies of the anti-military propaganda conducted by the extreme Socialists, under the leadership of MM. Jaures and Harve is now regarded as complete. The speech delivered by Premier Clemenceau at Amiens, coming on the heels of the utterances of M. Briand, the minister of education; M. Doumergue, minister of commerce; M. Viviani, minister of labor, and others, leave little doubt that a complete separation of the two parties will be decreed at the radical congress, to be held at Nancy, Oct. 10. The whole country, judging from the comments of the press, is breathing a sigh of relief at the decision of the Republican majority to cut loose from the extremists, who are preaching the expropriation of property and a general strike in the event of France going to war.

SENATOR LODGE CALLED BEFORE THE GRAND JURY

Boston, Oct. 8.—As a result of a statement concerning corruption alleged to exist in the Boston city government made by United States Senator Henry Cabot Lodge at the Republican state convention Saturday, the senator was summoned by District Attorney John B. Moran to appear before the grand jury and tell what he knows of the situation at the city hall. He was directed to appear at the court house next Monday.

YOUTH ADMITS CHILD'S MURDER

Camden, N. J., Oct. 8.—Joseph Wood, 16, who was arrested on suspicion in connection with the murder of nine-year-old Ethel Norans, whose body was found in a bucket not far from her home in East Camden on Saturday, made a confession, according to an official statement issued by Prosecutor Scoville, in which he admits having murdered the child.

BALLOONS ARRIVE FOR THE RACES

St. Louis, Mo., Oct. 8.—The balloons "St. Louis" and "Pommern" arrived from Paris and Berlin, respectively, to be entered in the international championship races that begin here Oct. 21. The James Gordon Bennett cup, the second of the series, won the international balloon race at Berlin Sept. 15.

Shoe Man Fails.

Boston, Oct. 8.—Joseph Dickinson, a shoe manufacturer of Lynn, filed a voluntary petition in bankruptcy with liabilities amounting to \$214,511, and assets of \$22,600.

Conductor W. H. Kuntz of Fort Wayne was killed and four other men were injured in a freight wreck near Bourbon, Ind.

WIRELESS MESSAGE FROM MANILA PICKED UP AT A NOVA SCOTIA STATION

Having Traveled 12,000 Miles, Announced Arrival of Warship—Experiments to be Made.

Sydney, N. S., Oct. 8.—A message from Manila was "picked up" at the Marconi wireless station while being sent to some other station on the Pacific or to a war vessel. The message was recorded at the time by a separator in the receiving room at the Marconi station. At the time the experts were experimenting in an effort to receive messages from Ireland. They received several messages from the Irish station and were in the act of making further tests when the instruments recorded the arrival of the Marconi people say that no mistake was made and that the message was undoubtedly sent by the Manila station, which is about 12,000 miles distant, and that as a result experiments with the station in the East will shortly be attempted. Port Noron, where the Marconi station is located, is the most easterly town in Cape Breton. It is 15 miles east of Sydney.

PRES. MITCHELL IS MUCH BETTER

Indianapolis, Ind., Oct. 8.—John Mitchell, president of the United Mine Workers of America, is so much improved in health that he was able to go to his office at national headquarters for a short time. Secretary Wilson said friends of Mr. Mitchell were much encouraged and believed he was on the road to complete recovery.

Carpenters' Union.

Indianapolis, Ind., Oct. 8.—The annual report of Frank Duffy, general secretary of the United Brotherhood of Carpenters and Joiners of America, for the year ending June 30, 1907, which is being sent to the members, shows that last June there were 199,823 members in good standing, a gain of 29,674 during the year and 1,510 local unions, a gain of 111 during the year.

CHECK

Sufficient to Cover the Judgment Received After the Suicide.

Philadelphia, Oct. 8.—Hyman Hangerleider, 52, a manufacturer of this city, committed suicide by cutting his throat. Unable to meet a judgment he took his six-year-old son John and sharpened a large knife and when he had finished he sent the child home, telling him to bring his mother to the establishment. When the wife responded she found Hangerleider with his throat cut. Half an hour later Mrs. Hangerleider received a letter from New York which contained a check sufficient to pay the judgment.

RIVER STEAMER SANK.

Youngs Bay, Miss., Oct. 8.—Sinking a cross channel at Youngs Point, a large water-carrying steamer, the Steamer Reuben, from Greenville, and she sank to the bottom in 60 feet of water. William Stegall, of Memphis, the pilot, was drowned. Captain McBride and two others of the crew had closed their sleeping with life preservers. All passengers escaped.

MORE OUT BREAKS AGAINST JEWS BY UNIONISTS

Odessa, Oct. 8.—The Unionists of Odessa continued their attacks and outrages upon Jews. They began by surrounding the Hebrew cemetery, where a funeral service was going on. First they stoned and then they fired a volley of revolver shots at the mourning Jews, many of whom were wounded. The Jews in panic later in the day met the Black Hundreds gathered in all groups and ransacked several Jewish shops, mercilessly beating the proprietors. A police sergeant who attempted to intervene was brutally attacked, whereupon he drew his revolver and killed one of his assailants. After further Jew baiting detachments of Cossacks arrived on the scene, but instead of punishing the Black Hundreds they laughed at the rapidly with which they made their escape.

MODERN UTOPIA TO BE SET UP IN CALIFORNIA

Los Angeles, Cal., Oct. 8.—One hundred men and women, residents of southern California, have banded together in the organization of Laspard's Colony association, which has for its object the setting up of a modern Utopia on the eastern coast of Lower California. Byron Hall, president of the association, is now in the City of Mexico conferring with President Diaz relative to the sale and concessions involved in the purchase of 500,000 acres of land.

RAILROAD FIGHTS TWO CENT FARE

Atlanta, Ga., Oct. 8.—Whether or not reduced passenger rates shall continue in Georgia is the practical issue involved in the suit in equity of the Central of Georgia railroad against the state railroad commission, argument on which began in the United States district court here. Judge Newman The Central of Georgia, while at present complying with the commission's order to reduce their minimum fare to 2 1/2 cents a mile, claim that the reduction amounts to confiscation of property.

ANGLO-AMERICANS WIN AT THE HAGUE

The Hague, Oct. 8.—The entire Anglo-American project providing for the settlement of international disputes by arbitration, which was introduced by the United States, won a decisive victory at the conference of the 14th day of October. The opponents of the plan were Germany, Austria-Hungary, Switzerland, Belgium, Romania, Greece, Turkey, Bulgaria and Italy. The plan and the Anglo-American project were victorious and the conference was adjourned.

Three sets of artificial hearing instruments have been shipped from New York to Buckingham palace, London, for the use of King Edward and Queen Alexandra.

LOWEST BIDS NOT ACCEPTED BY RAILROADS

**REMARKABLE CONTROL EXER-
CISED OVER TRANSPORTA-
TION SYSTEM.**

FANCY PRICES FOR OIL

**By L. & N. When Better Quality at
Lower Price Was Offered by
Independent Company.**

New York, Oct. 8.—The remarkable control exercised over the various railroad systems by the Standard Oil company was the feature of the hearing in the suit of the United States to dissolve the combine. Testimony was offered to the effect that railroads purchased their lubricating oils from the Standard at prices that were higher than those of its competitors. The Standard's battery of lawyers fought bitterly against admission of the evidence. All of the objections were overruled by Referee Ferris, who held that only the federal judges in Missouri were competent to decide upon the admissibility of the evidence.

Philip Harrison, at present the manager of the New York Lubricating Oil company, which was engaged in a long strife with the Standard in the lubricating oil industry, was on the witness stand and testified that though the products of his company had proven satisfactory to the railroads and were sold at prices under the Standard's figures, the railroads declined to renew their contracts with the New York Lubricating Oil company. Mr. Harrison said he was never openly told by the railroad officials why the contracts were not entered into again, but he had a well defined idea of the cause.

The New York Lubricating Oil company entered into a contract in 1903 to supply the Louisville and Nashville railway for a period of two years, said Mr. Harrison, and six months before the contract expired President Milton Smith of the railroad informed the oil company that it need not endeavor to obtain a renewal of the contract. Mr. Harrison testified that he had informed President Smith that if he was permitted to bid for the business he was prepared to reduce the price of engine oil from the current contract price. Notwithstanding the fact that President Smith had praised the quality of the oil and that it was offered at a lower price than that asked by the Standard, Mr. Harrison said the Louisville and Nashville railway entered into a contract with the Galena Signal Oil company, a subsidiary of the oil combine.

Mr. Kellogg, counsel for the government, showed the witness the contract entered into by the Louisville and Nashville and the Galena company after the railroad's contract with the New York Lubricating company had expired and Mr. Harrison said that the figures showed that the railroads paid \$30,000 a year more for its oil to the Standard than it would have paid under a contract with the New York company. Mr. Harrison testified that the Central Railway of Georgia had purchased its oil from his company and that it had been satisfactory. The Standard obtained the business, the witness said, notwithstanding the fact that the oil combine charged a higher price than the New York Lubricating company.

Three More Victims.

Butler, Pa., Oct. 8.—Three more foremen died as the result of burns received in the explosion at the Standard Steel Cast works, caused by the upsetting of a ladle full of molten metal, making the death list now seven. Of the 22 men being treated at the hospital, it was said that more than half the number are expected to die.

RIDING TESTS FOR OFFICERS BEGAN TUESDAY

Washington, Oct. 8.—The riding tests ordered by the President to find out how many bureau officers at the war department could sit on their horses during a hard ride, took place this afternoon in the Virginia mud beyond Ft. Myers, Va. Heavy rains early today made the roads seas of mud. The second department will make the trip Saturday. The results will be made public when the President returns from his bear hunt.

COAL BOATS SINK.

Wheeling, W. Va., Oct. 8.—Part of the channel at Wallery rifle is blocked by the sinking of 20 coal boats in a collision between the Tom Rees and the Sam Brown. The loss is the heaviest this year.

OVERTURES MADE BY TELEGRAPHERS TO END STRIKE

IT IS SAID THAT IF THE STRIKE LEADERS DO NOT PERMIT IT TO END,

The Men Will Return to Work of Their Own Accord—Ohioans to Organize Club.

Cleveland, O., Oct. 8.—The long strike of the telegraphers will probably end in Cleveland, at least, Thursday of this week, when the strikers will return to work. It is said overtures were made by the strikers with a view to ending the strike. A request was sent to J. E. Mattern, local leader of the strike, for permission to return to work on Thursday. It is said by a person interested in the strike that if permission is not given by the strike leaders the men will go back of their own accord.

Will Organize Ohio Club. Columbus, O., Oct. 8.—A number of prominent Ohio men, Governor Harris, ex-Governor Campbell, ex-Governor Herrick, Elmer Dover, M. E. Ingalls, Carl J. Hoster, E. K. Stewart, Herman G. Dennison and Attorney General Wade H. Ellis, have applied for membership in a proposed New York-Ohio club. It is the intention to lease a suitable property in the heart of New York, where Ohio people visiting the metropolis will be made at home and not compelled to go to a public hotel.

Bound to Railroad Track. Cleveland, O., Oct. 8.—Beaten into insensibility by thugs and bound hand and foot across the railroad tracks in the Pennsylvania yards here, Samuel Hamilton Shaw, a sailor of Port Huron, Mich., narrowly escaped being ground to death by a freight train. Shaw was robbed by three men, who after knocking him senseless, bound him tightly to the track. He was discovered by the engineer of the train, who barely managed to stop a few feet from the prostrate man.

Frauds Alleged. Cleveland, O., Oct. 8.—A wholesale registration club has been unearthed in Cleveland, according to charges made by the Democratic committee to the board of elections. An investigation is now on, and 20 policemen started out to look up over 500 names of men said to have registered falsely in four or five wards. Some very sensational disclosures are expected in a few days. Mayor Johnson has men at work secretly looking into the charges.

Unknown Man Murdered. Cincinnati, O., Oct. 8.—The body of an unknown man who had been killed by a blow on the head and his clothing rifled of everything of value was found among the bushes along the Carthage pike a short distance north of the city. There is no clue to the perpetrator of the crime, whose motive was evidently robbery. The deceased was a stranger in the neighborhood.

Grocers Embarrassed. Cincinnati, O., Oct. 8.—The wholesale grocery firm of Andrews, Bates & Co., of which Isaac Bates was the sole member, assigned to Daniel Dreyfoos, giving liabilities of \$83,000 and assets \$150,000. W. W. Andrews, who was a member of the original firm, withdrew some time ago, but the firm name was unchanged. Pressure of creditors was given as the cause of the failure.

Operators Favor Present Scale. Cleveland, O., Oct. 8.—A largely attended meeting of Pennsylvania and Ohio coal operators was held behind closed doors here. One of the largest wholesale coal producers in Ohio declared that the meeting was not for the purpose of advancing local prices of coal, but with a view to keeping the mining wage in Ohio, Pennsylvania, West Virginia and Illinois at the present scale.

Carbolic Acid Cocktail. Bridgeport, O., Oct. 8.—Geo. Nippy, 35, of Barnesville, a carpenter, employed by the Wheeling Traction company, committed suicide here by taking a carbolic acid cocktail, composed of whiskey and carbolic acid. He was defendant in a case which soon was to come up in court, and he feared conviction on a serious charge.

Ford Alleges Persecution. Chardon, O., Oct. 8.—The embezzlement case of R. N. Ford, the Burton banker, will likely go to the jury Wednesday. The Fords have made the claim that they are being persecuted, rather than prosecuted, and that they have been without funds to make a proper defense.

Kennedy Says Nay. East Liverpool, O., Oct. 8.—Congressman James Kennedy of the Eleventh Ohio, denied the report that he proposed to be a candidate for governor of Ohio at the coming state convention. Kennedy says he is for Harris.

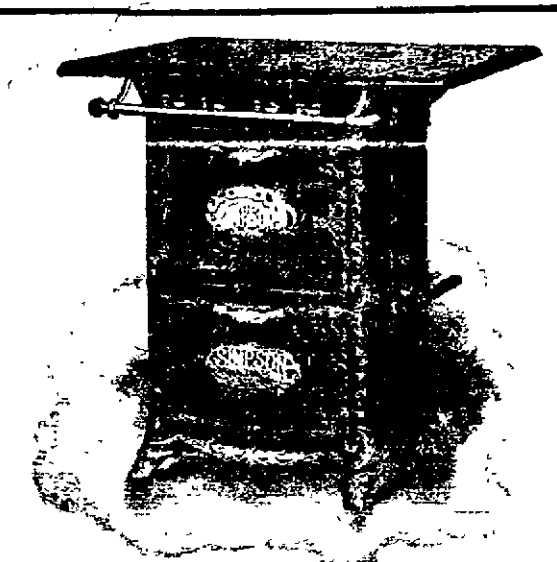

The dog with a tin can attachment has a tail of woe.

GRANVILLE NEWS

Granville, Oct. 8.—On last Saturday evening the members of the Beta Theta Pi fraternity gave a banquet in honor of their newly pledged men, and a most enjoyable time was had.

John Hislop, Denison '06, made a short visit with old friends here Sunday.

Prof. William Wright, principal of the High School at Hanover, spent Saturday and Sunday with friends in the village. Mr. Wright is a graduate of Denison of the class of '06.

Mr. and Mrs. H. G. Mason and little daughter Mary who have been visiting here during the past week, returned to their home in Athens, Monday.

Mr. and Mrs. Henry Green of Perry county, made a short visit with friends here Monday.

James Ralston of Ironton, O., was in the village Monday on business.

Miss Effie Williams, a charming young lady of Columbus, is visiting friends in the village for a few days.

Mr. B. O. Chesshir, the well known lumber dealer of this place, together with his wife and little daughter, Mary, left Tuesday for Stafford county, Kansas, where they will visit the parents of Mrs. Chesshir for a month.

CATARRH CANNOT BE CURED with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. It is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free. F. J. CHENEY & CO., Props., Toledo, Ohio.

Sold by Druggists, price 75c. Take Hall's Family Pills for constipation.

PURITY.

Rev. L. G. Walker delivered two very able sermons at Eden, Sunday. Our town is once more without a store. H. H. Goodin having disposed of his stock of goods and moved to near Rocky Fork.

Mrs. Anna Lovell is not so well at this writing. Mrs. V. M. Harris of Columbus is visiting friends in this section. Edward Thomas of Malta, Ohio, was a guest of his father-in-law, Elisha Mills, from Friday until Monday.

Miss Lizzie Elliott spent Thursday and Friday with Newark friends. Miss Kit Hawke of Coshocton, was

a guest of her parents from Friday until Sunday. Her sister, Miss Della Hawke, returned with her to Coshocton, for a week's visit.

J. C. Larason of Dayton is spending the week with his parents, Mr. and Mrs. William Larason.

Mrs. John Shannon and daughter, Miss Mary Shannon, are preparing to move to Newark about November 1.

Miss Belle VanWey was a guest of Newark friends the latter part of last week.

Notes of Interest to Our Readers.

To prove that "BLONDINE" will cure Catarrh every reader of this paper can have a positive guarantee. If there is any doubt in your mind as to the power of "BLONDINE" to cure all Catarrhal Troubles, the remarkable offer made by W. A. Erman & Co. should expel that doubt. They give you a personal guarantee with every 50c. bottle of "BLONDINE" they sell, to refund the money unless it gives satisfaction. They take all the risk of cure, and no reader of this paper can afford to suffer longer with Catarrh when an offer like this is made.

Excursion Oct. 11, Chicago and return, via B. & O. R. R. Only \$6. See ticket agent for details. 3d7t

Hanover R. F. D. No. 1

The remains of Mrs. Daniel Wright of Newark was laid to rest in the Fallsburg cemetery Tuesday.

Mr. and Mrs. F. M. Jones and son Roy, spent Sunday at Kirkersville and Buckeye Lake.

Messrs. Grun, Wilson and Backford are hauling lumber from Mr. Jones' farm for Harry Miller.

Mrs. J. W. Scott of Utica and her sons, Orville and Delno, spent from Friday until Sunday with G. N. Scott and other relatives.

Mrs. John McQuinn, son and grandchildren of Pittsburg, are visiting here.

The members of the Logan Gas company are erecting a well on the J. Freese farm one mile east of Fallsburg.

Mr. T. M. Jones and son Roy spent Wednesday in Newark. Mr. Jones left for a week's visit in Harrison county, while his son returned to his duties in Athens county.

Sore Throat or Mouth

When the mouth or throat is irritated or diseased you have the common ailment of Sore Mouth or Sore Throat. If not quickly cured, you are in danger of contracting more serious or even fatal maladies such as Croup, Quinsy, Toxæmia or Diphtheria. Nothing in the world will cure Sore Throat or Sore Mouth so quickly, so surely as TONSILINE because TONSILINE is the one remedy especially made for that purpose. It has never failed. You'll need TONSILINE one of these days, or some night when the drug store is closed—better have a bottle ready at home when you need it most. 25 and 50 cents. The Tonsiline Co., Canton, Ohio.

RAILWAY AFFAIRS

Mr. Herbert Harris, chief clerk in the B. & O. yards in this city, has resigned his position to accept one with the Frank Cherry cigar company.

Much time has been lost in the past by the railroad companies in the delivery of orders to trainmen by the operators at small stations. The engineer has been obliged to slow his train down considerably in order to take the messages which were handed to him by the telegrapher.

A device has just been introduced by the Pennsylvania company and is being placed at different points along the main line. The invention consists of a light wire ring about two feet in diameter, which is held in place, close to the track, by a light wire, at an elevation corresponding to that of the cab windows. The message is placed in the ring and by bending his arm the engineer can take the ring, which is self releasing, while running at full speed. The agents are supplied with the rings, as many as it is estimated that they will need for train orders.

Railway Clerks Idle.

Some 550 railway clerks are on strike at Toledo, but it is said that business is being handled with little interruption.

B. & O.'s Cut-Off.

The cut-off of the B. & O. between Lodi and Nova, Ohio, on the main line from Pittsburg to Chicago, will be placed in service in a short time. Aside from the new main line from Hazleton to Ravenna, it is the largest improvement made by the B. & O. on the Pittsburg system in recent years. The Lodi-Nova line is entirely new construction and, besides reducing the distance of 16 miles between the two points about a mile, it eliminates heavy grades and curves.

Non-Wreckable Coach.

The Erie railroad has received an all steel passenger coach which is practically non-wreckable, and will not burn. There is less than 300 pounds of wood or other inflammable material used in its construction and all of that has been treated with a preparation which, it is claimed, renders it immune to an ordinary degree of heat. The car is somewhat shorter than the usual Erie coach, being but 52 feet in length, but its weight is much in excess of the wooden car, being nearly 100,000 pounds. A 75 foot modern Pullman with berths and other interior fittings averages 120,000 pounds ready for service.

Saves Much Money.

If you ever watched the construction gang which follows after the men who have spiked the rail to the ties, you saw them bring a straight, level, solid track out of snakey, wavy, uneven line of rails. It took a small army of men, and the work was all

hand work, using levers and levels, track gauges, shovels, tampers and crowbars. Your chief impression was, "What a lot of money it must cost."

It does cost money. One Canadian engineer who has built tracks for years, says this part of the work alone on a 200 mile track costs \$140,000. And so he has invented a machine which is claimed to do this work for \$25 a mile, which would be a saving of \$135,000 on 200 miles. The machine is 60 feet long and does its work with air compressed in the car. First the track is lifted to the required level and held there while elevators bring up earth from either side. Next a row of sharp pointed arms get busy on both sides and ends of a tie and push the ballast down. These arms move as fast as a section hand when the "old man's" special comes along, and is warranted not to stop to light pipes or wait for the water boy. Altogether it is a great thing—if it works.—Popular Mechanics.

Fellow Servant Law.

A case to test the fellow servant act was filed in the Supreme court Saturday. John Gill, an employee of the Pan Handle was injured while in the performance of his duties, and he

brought suit in Hamilton county Common Pleas court to recover \$5000.

The court charged against him to the jury under the fellow servant law and Gill lost his case. An appeal was then taken to the Circuit court and the lower court was reversed. Now the railway company wants the highest court to say that the Common Pleas judge was right.

Investigating Wreck.

Chairman J. C. Morris and Stenographer D. S. Archer of the state railroad commission, will go to Wheeling, W. Va., to investigate the recent wreck on the B. & O. railroad, in which several lives were lost.

The Price of Health.

"The price of health in a malarious district is just 25 cents; the cost of a box of Dr. King's New Life Pills," writes Ella Slayton of Noland, Ark. New Life Pills cleanse gently and impart new life and vigor to the system. 25c. Satisfaction guaranteed at F. D. Hall the druggist's.

BEECH WOODS.

The free delivery patrons of Yellowburg have arranged their mail boxes on a buggy wheel, which the carrier revolves in placing the mail in the different boxes. This facilitates the work of the carrier.

Mr. Mori, a native Japanese student of Heidelberg university, addressed the St. Paul missionary society at Smith's church near Glenford Sunday evening. A crowded house marked the occasion. All were well pleased. Mr. Mori will deliver his lecture at Zion church Sunday evening, October 13. All are invited.

William Parrett Sr. and wife will move to Thornville in a few weeks, where they will make their future home.

Marion Lones has gone to Oklahoma where he contemplates buying a farm.

The Miller ditch proceedings has again been set for the coming term of court.

The drillers at the Clum well have struck the salt water. Work was suspended for several days owing to an altercation between some of the hands. A new force is at the helm, and the work is going on.

Bub Lones has had a new well drilled near his residence at a depth of 114 feet, by Winegardner & Co.

Charles Cover is slowly recovering from an attack of appendicitis.

1897—Rear Admiral John Bruyn Chitt, U. S. N., retired, died in Washington; born 1821.
1904—General Matt W. Ransom, noted Confederate leader in the civil war and former United States senator from North Carolina, died at Weldon, N. C.; born 1826.

CORRUPTION FUNDS AND BENEFITS.

The Republican National campaign fund expended by Chairman Cortelyou, for the Roosevelt election is reported to have been a little more than \$4,000,000. Where and how did they get it? The official evidence in the life insurance investigating showed that part of it came from the trust funds of policy holders that should have been sacred to widows and orphans; that Harriman, who the President now charges is an undesirable citizen, gave \$50,000; that the discredited Depew gave \$25,000, and his friends in Wall street about \$100,000 more. That Mr. Rogers of the Standard Oil Trust, and Mr. Stillman, president of the National City—the Rockefeller—bank, and a number of other trust and corporation magnates were also subscribers, is charged and not disproven, and where the other millions came from is not certainly known, but large amounts were undoubtedly paid by the protected trusts which have always been liberal producers of corruption funds to keep their Republican friends in office. That is the chief reason the tariff has not been revised. The other contributors have also had their quid pro quo, for no one seriously believes that the Standard Oil Trust will ever pay the fine assessed against it. We know that Harriman will get immunity. We know that Depew was elected senator by the aid of the administration. We know that the Standard Oil banks have large government deposits, without interest, and when the names of the other subscribers are divulged, there will probably be no difficulty in tracing favors received. Does not this evidence of the trusts and corporations having paid these large sums to the Roosevelt campaign fund plainly show that the charge made by Judge Parker just before the election of 1904, was true, although President Roosevelt himself denied it? Yet no restitution even of the widows' and orphans' funds has ever been made by the Republican National Committee, and President Roosevelt has never made the amende honorable to Judge Parker, or even a poor excuse, which would be better than none. It is quite probable that the same dastardly tactics will be resorted to in coming elections, and this evidence of Republican corruption and dishonor is produced to prevent voters from being again deceived in the same or some similar manner. When you see or hear of large amounts of money

SPECIAL BALLOT

FOR MEMBERS OF THE SCHOOL BOARD WILL PUZZLE THE ILLITERATE.

Names Will Appear Without Party Emblem and is Designed to Make Election Non-partisan.

The new State law providing for the non-partisan election of members of the Board of Education will be operative for the first time at the coming election.

The names of all candidates for the board of education will appear on a special ballot distinct from the regular municipal ballot. The names will appear without any party emblem or designation of any kind, even where party nominations have been made. The new law, designed to lift the election of School Board members from party politics, reads:

"The names of all candidates for members of the Board of Education in any school district, however, nominated, shall be placed on one independent and separate ballot, without any designation whatever except for member of the Board of Education, and the number of members to be elected."

The names of candidates will appear on the special school ballot in alphabetical order, in a specially arranged series of ballots. The whole number of ballots to be printed for the school election is to be divided by the number of candidates running for places on the board. The quotient of ballots, under the law, in each series of ballots to be printed as follows:

"The names of candidates shall be

arranged in in alphabetical order and the first series of ballots printed. Then the first name is placed last and the next series printed and the process repeated until the name of each candidate appears first."

The school election returns are to be kept on separate books and tally sheets.

The possible extension of non-partisan voting to include municipal elections depends somewhat on the manner in which the new method of voting for School Board candidates is received at this election. Bills are now pending before the legislature to remove the party emblem from all ballots in municipal elections. This is done in Massachusetts and Ohio is going to try the experiment.

PILES! PILES! PILES!

Williams' Indian Pile Ointment will cure Blind, Bleeding and Itching Piles. It absorbs the tumors, allays itching at once, acts as a poultice, gives instant relief. **Williams' Indian Pile Ointment** is prepared for Piles and Itching of the private parts. Sold by R. W. Smith, Newark. 50 cents.

POLICE COURT

Compared with the last several mornings, police court was decidedly dull Tuesday, there being only a few minor cases to consider. The cold weather and the rain drove most of the offenders indoors, but the rain never bothered Chas. Dun a bit. Dun was drunk as steady drinking could

make him, then he chose the ground along the railroad track for a nice place to sleep. Officer Petrey removed him from his rather unusual bed and gave him a bench in the station house to sleep off his jag. His case was dismissed by the mayor.

J. Enert, a wild western of the truly wild sort, loaded up with jolly juice and it was a hard matter to slate him. Officer Abbott found that he was from Butte, Montana, and that his occupation was that of a bum. At least that is what Enert said he was. Five and costs for him. J. Cooper who was arrested in the raid on Hamilton's place Saturday night, and who had been rather rough while making his call, kicking in the door, and showing his meanness generally, had a heart to heart talk with the mayor and told how an inmate of the resort has completely ensnared his heart and that it cost him a lot of trouble. He wanted to leave Newark and the girl far behind him and said he would get out of town today and hie himself for the Illinois oil fields. The mayor decided to let him go and Cooper promised that he would let the mayor hear from him occasionally, let him know how he was doing and that he was trying to make a man of himself.

We have them in all the new and wanted styles, Astorhan cloth in black, gray and white, Krimmer cloth, Caracule cloth. All exact imitations of the real furs.

C. Powers, Miller & Co.

HIS TEMPER

Could Not Stand the "Guying" and a Braggard Farmer is Looking For Another Hired Man.

They are telling this story today on a prominent farmer who lives not a great way from the city.

The farmer, who is about 65 years old, is a very well preserved man for his age, and is apt to brag somewhat on his own merits. He is not slow to tell that he thinks he is about the best man of his age in Licking county.

Saturday morning his wife asked him if he would cut the head off a chicken that she had ordered for fattening for several days, and when he attempted to snatch the chicken out of her coop the bird got away from him. He did some gentle "cussing" to himself and went into the house for his old reliable squirrel rifle, telling his wife that the "durn" chicken got away but he would shoot its head off sure.

The wife, son and hired man all turned up to see the old gentleman get in his deadly work with the gun, and when he shot and made a clean miss they only snickered some, and when he shot again and made another clean miss he dropped the gun and ran the chicken down and wrung its neck.

Of course they all gaped the bring champion rifle shot, for it was certainly funny to see the old man sprinting after the rooster, and with the sly allusions all morning as to his prowess that he had to stand for from the spectators of the scene, he lost his temper, and by noon had killed his son, fallen out with the hired man who quit, and right in the middle of corn cutting time, and his wife will not cook for him on account of the licking he gave the son.

Hired men are hard to get this time of the year as are also cooks, and the unfortunate victim of his bragging and temper is in town today trying to get help to finish his corn harvest.

WHY SO WEAK?

Kidney Troubles May Be Sapping Your Life Away—Newark People Have Learned This Fact.

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders look to the kidneys for the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills cure sick kidneys and keep them well. Here is a Newark test many to prove it.

Wesley Rowland, express driver living on Washington street, near Mill street, East Newark, O., says:

"Many a time my back pained me so and was so weak that I could not load my wagon. If I stooped to pick up anything it was all I could do to straighten up. My back pained me so at night that I could not sleep I would wake up again with terrible pain through the back and shoulder as if I were in a cramp. I tried liniments and various remedies but found nothing that helped me until I got Doan's Kidney Pills at Crayton's drug store. Three boxes were all that were required to cure me and the cure has been permanent. That was two years ago and I have had no trouble of the kind since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

MRS. MATILDA EBERSOLE.

Fredericktown, Oct. 8.—Mrs. Matilda Ebersole, a widow, died at her home south of here Monday. She fell Sunday morning and fractured her right hip and this, on account of her advanced age, caused her death. She was 80 years of age.

OLDEST JUSTICE.

Fredericktown, Oct. 8.—John W. Lindley of this place is probably the oldest justice of the peace in years of continuous service in central Ohio. He is also the only surviving member of a body of six which founded the Phi Delta Theta society of Miami university in 1848.

A Nebraska Town Gutted.
Oxford, Neb., Oct. 8.—Fire here destroyed more than half the store buildings and part of their contents of the principal business blocks of the town. The total loss is slightly in excess of \$100,000, with insurance of \$40,000.

BROWN OCTOBER DAYS.

When you start out in the morning in the brown October days, the sun glints bright, there isn't any warmth in its rays; you're over half a block from home, have lighted your cigar, and feeling that you've lots of time to catch the downtown car. But suddenly you hear a voice in childish treble shrill, and with a sigh you stop to greet your youngest—little Phil. He's out of breath and only six and can't talk very plain but he makes out to tell you "Mama wants some Spartan Stain. She forgot at breakfast and she must have it tonight. She wants to paint the hall floor," says this precious little fellow. Spartan Stain is made by The Marietta Paint and Color Co., Marietta, O. Sold by Newark Paint Co., 31 W. Church street.

MANY TEACHERS WANT INCREASE IN THEIR PAY

MATTER COMES UP BEFORE THE SCHOOL BOARD AND REFERRED TO COMMITTEE.

Independent Telephone Company May Not Meet Out in Prices Made by Competitors.

During their session Monday evening the Board of Education put a very large sized grist through the mill, and transacted a big amount of business in a short space of time. When the roll was called only President Beggs, Clerk Keller and two members, Messrs. Fulton and Haight responded to their names. To the strains of "Dixie" the minutes of the last meeting were read. When the bills were being read "You're a Grand Old Flag" floated up the stairs. While the bills were being paid a stirring march of Sousa's was played, but though the music was good the board didn't pass a vote of thanks to the "Uncle Tom's Cabin" band that did it.

A communication from several teachers was read saying that they thought the work of a principal that was a teacher was harder than that of a teacher, and they wanted an increase. They think there is more work for a teacher-principal that holds a five year certificate than there is for a teacher holding a certificate for the same length of time. The board did nothing on the subject, as their funds are very low.

A check for \$21 due the board on music books ordered during Principal Child's administration, was received from a Columbus music house. The money, was, as President Beggs expressed it, "a life saver."

The report for the month of September was read by Clerk Keller and approved. Principal Williams asked the board to purchase a list of magazines, for the high school library, the total reaching \$43. He was ordered by the board to let the different book sellers of Newark bid on furnishing the same magazines to the high school.

Supt. Simkins stated that the second and third grades of the North Fourth street building wanted a number of chairs to be used by the scholars during recitation period. No action was taken. He also asked that blanks be printed, one to each gas meter in the school buildings, so the inspector of the meters could mark down the amount of gas consumed for the month. He was told to have the blanks printed.

The appointment of Bernice E. Brown, a contingent teacher, appointed by Supt. Simkins, was confirmed. The time of Supt. Simkins as a member of the board of city teachers' examiners having expired, he was re-elected by the board on motion of Mr. Haight. Miss Harriet Messenger was appointed a teacher in the high school and her salary fixed at \$600. Miss Hattie Jones was appointed and her appointment confirmed as a high school teacher and her salary was fixed at \$500 a year.

Supt. Simkins stated that Miss Kate Foss, the German teacher in the high school is also teaching drawing, assisting Prof. Steele, although her certificate only calls for her teaching German. She was not given any additional salary.

An interesting table was shown on the blackboard showing the number of scholars each teacher had charged of. The average of pupils to each room was 40, although one teacher had only 11 while another had over 70. Supt. Simkins wanted a committee appointed to go over the school boundary lines and try to even matters up a little.

The basement in the Indiana street school building is in a very poor sanitary condition, as each time there is a heavy rain the main sewer backs water up into the school. The matter was referred to Mr. Keller and he was given full power to act in the matter.

The telephone situation then came up, and Mr. Edward Kibler of the Citizens' phone, was present to represent his company. During the course of his remarks he said that the home company had already lowered their rates from \$2 to \$1.50 and they did not feel as though they could make a further reduction. Sincere efforts have been made by Bell company to console date with the Citizens' phone all over the state, and since they were refused, it looks as though it was to be a war of extermination.

Mr. Fulton of the board spoke against the Bell phone and showed that he was much in favor of the Citizens' phone. Mr. Haight thinks that the home company can make a further concession as the phones are not in use Saturdays or Sundays and for three months in the year they are idle. The board is paying 50 cents less and getting one-third of the service of other phones according to President Beggs. President Harry Swisher and Superintendent Hollander, the manager for the home company, were also present, and they think it will be impossible

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

CALIFORNIA FIG SYRUP CO.
SAN FRANCISCO, CAL., U.S.A.
LOUISVILLE, KY. LONDON, ENGLAND. NEW YORK, N.Y.

to make any further concessions.

The request of Principal Williams of the high school to buy books for the library was denied, but he was instructed to secure certain reference work from state library at Columbus and the board would pay the expressage. The books can be kept for six months, if in the meantime some other school does not ask for the same volumes. In a case of that kind the books can be kept only three months.

Mr. Simkins also reported that the down pipes on the east side of the high school building were in very poor shape, that they would not carry the water off, and as a result the floor in one of the recitation rooms had rotted and that the chairs of the pupils were resting on the damp ground.

Prof. Nusbaum was ordered to purchase such music books as might be necessary for the use of the teachers in the primary grades.

Supt. Simkins reported that in the high school at the present time there were 215 boys and 293 girls.

Many of the teachers in the schools have complaints registered on the salary question, and another one from the teachers of the seventh grade was read. They ask for an increase in salary and the eighth grade teachers followed suit. The matter was referred to the teachers' committee and they will report back to the board.

SKIN DISEASES CURED.

Eczema, salt-rheum or tetter, erysipelas, ring worm, scaly or itching eruptions of the skin or scalp, old sores and scrofulous indications are a few of the troubles which Dr. Hall's Household Ointment drives away. First application gives relief. At City Drug Store.

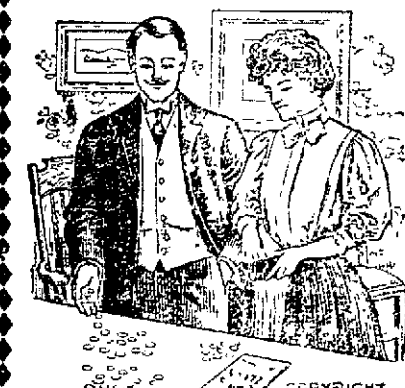

SELLING TO MINORS.

Mr. Vernon, Oct. 8.—Max Hyman and William Deafner, proprietors of saloons on South Main street, were arrested Monday morning on an affidavit sworn out by Earl Miller, charging them with selling liquor to minors. Miller was arrested a few days ago and locked up in jail on a charge of drunkenness, and accordingly Miller's father made the boy go before Mayor Clarke and swear out a warrant against Hyman and Deafner. Both colonists entered a plea of not guilty and their hearing was set for next Thursday morning at 9 o'clock. Bond was fixed at \$200 in each case and both gave surety for the amount.

SICK HEADACHE

CARTER'S LITTLE LIVER PILLS.
Positively cured by these Little Pills. They also relieve Distress from Dropsy, Indigestion and Too Hearty Eating. A perfect remedy for Dizziness, Nausea, Browsiness, Bad Taste in the Mouth, Coated Tongue, Pain in the Side, TORPID LIVER. They regulate the Bowels. Purely Vegetable.

WORLD'S SERIES BEGINS TODAY AT CHICAGO

GAME WAS CALLED AT 2:30 O'CLOCK ON TUESDAY AFTERNOON.

All Arrangements Perfected at a Meeting of National Commission Yesterday.

Chicago, Oct. 5.—Today the Cubs and Tigers met for the first game of the world's championship series. All arrangements are complete. The national commission, the two teams and owners, the newspaper men and other interested parties met last night at the Auditorium Annex and finished all details. Play will be called at 2:30 o'clock.

The only important decision was not in case the teams play a tie game in any of the first four games, that the players shall receive 54 per cent of the receipts of the play-off.

The commission had neglected to do this, and when the matter was raised quickly decided that the players should benefit in case of a tie.

The meeting at the Annex was one of the most representative ever held in baseball. Newspaper representatives from every big city in the country, the majority of the players of the two teams, the managers, owners and the national commission gathered, and Chairman Herrmann of the national commission proceeded to outline what had been done by the commission.

TIGERS ARRIVE.
The Tigers flushed with victory and confident that they will win the world's championship, took up their quarters at the Lexington hotel. They were invited to practice at the Cubs' West Side grounds yesterday afternoon but declined the invitation saying they needed no practice and that they needed rest more than anything else.

The two Chicago boys on the team, Schaefer and O'Leary, were given a warm welcome.

The Chicago club, arriving late, made up for the delay by going out to the park in the afternoon and taking a short practice. Most of the men went to their homes, but Chance, Shepard and a few others attended the meeting.

Chicago, Oct. 5.—The opening game of the world's baseball championship series today will probably be played under a clear sky, but with a temperature too low to be entirely comfortable to spectators. Reserved seats have all been sold out and the grounds were thrown open at noon to care for the rush for the remaining bleachers. Betting on the outcome of the series is about even money.

Three pitchers on each side will be depended upon by the two clubs, according to present plans, for the series. Manager Chance figures upon using Overall in the first game, Pfeister in the second, and Reulbach or Brown in the third, returning Overall for the fourth game if he pitches good ball in the opening contest. Hugh Jennings, manager of the Detroit team, planned to start the struggle with Donovan in the box. George Mullin is slated for the second game and Ed Sliever for the third, and coming back with Donovan in the fourth.

Interleague Results.
Boston, Oct. 5.—Boston (National), 1, 4, 4, Boston (American), 4, 8, 0.
St. Louis, Oct. 5.—St. Louis (National), 6, 9, 2; St. Louis (American), 1, 6, 2.

GRANVILLE SCHEDULE

Following is the schedule of the Denison football team for the rest of the season:

- October 12—Ohio State at Columbus.
- October 19—Otterbein at Westerville.
- October 26—Case at Cleveland.
- November 2—Wittenberg at Granville.
- November 9—Kenyon at Gambier.
- November 16—Wesleyan at Delaware.
- November 23—Reserve at Granville.

CAMBRIDGE SCHEDULE.

Faculty Manager and Coach Smith of the Cambridge High school announces the following football schedule for this season:
October 12 Newark at Cambridge;
Oct. 19 at Marietta, Oct. 26 Barnesville at Cambridge, Nov. 2 Newark at Newark; Nov. 9 open. Nov. 16 Barnesville at Barnesville; Nov. 23 Marietta at Cambridge.

QUINTETTE BOWLERS

The captains of the different teams which will comprise the Newark City League of Quintette Bowlers met at Hayes' cigar store Monday evening and turned in the names to Secretary Frank Price of the members of the eight teams.
The list of members is not quite completed but will be in a couple of

DAY'S BUSINESS IN COURT HOUSE

City Files Answer.
In the case of Harry D. Baker as trustee in bankruptcy of William C. Dahnke, a bankrupt, against the City of Newark, the defendant has filed its answer and cross petition. It says that by the terms of a contract between William C. Dahnke and the City of Newark, for the erection of a police patrol station, there is due William C. Dahnke \$1738.75. It says that Dahnke on January 24, filed his petition and has since been adjudged a bankrupt, and that Harry D. Baker has been elected and qualified as the trustee of the bankrupt. Numerous creditors of Dahnke claim the money as well as the trustee, and the city is unable to determine who is entitled to it. It asks that the creditors named in the petition interplead and adjust their claims between themselves, the city of Newark being desirous that the above sum be paid such claimants as shall be entitled to it. Defendants ask an order requiring the parties to show cause why it should not be permitted to deposit the money with the clerk of the court, and that it should be discharged from further liability. The city of Newark, by Frank A. Bolton, solicitor.

VIEWERS MAKE REPORT.

The board of review appointed by the county commissioners, consisting of R. S. Campbell, W. C. Hall and Edson Pound, to review the assessments in the matter of the Johnstown stone road, reported by the county surveyor, made a report in writing to the commissioners, approving the apportionment of the assessments as returned by the county surveyor.

FOR TRAIN RIDING.

Howard Tate and James Quinlan were arrested for train riding. They were taken before Justice M. O. Nash who fined them each \$3 and the costs. Tate had the money to pay his fine and was released, but Quinlan was sent to jail in default of payment.

DIVORCE SUIT ON TRIAL.

The case of George M. Miller vs. Anna M. Miller, suit for divorce, is on trial in the Probate court. The plaintiff claims that his wife has transferred certain property to Maud Miller. Mrs. Miller charges her husband with cruelty and failure to support, and he charges her with cruelty and neglect.

DECREE GRANTED.

In the case of Helen Williams vs. William Arthur Williams, suit for divorce, the plaintiff was granted a decree by the Probate court on the ground of abandonment.

REAL ESTATE TRANSFERS.

Paul E. Kemper and Eva L. Kemper to Edwin M. Coe, 47 acres in Hopewell township, \$2500.
Virginia Dixon to Florence V. Dixon, two parcels of land in Bennington township, \$1, love and affection.

James M. Morgan and wife to Lee McLaughlin, real estate in Newark, \$300.

John H. Ammand and wife to Geo. W. Nichols, real estate in Pataskala \$1400.

Jesse E. Snelling to Frank Livingston, lots 1 and 2 in Wm. Snelling's addition to Toboso, \$1 and other valuable considerations.

Elizabeth A. Rugg and others to Elijah P. Rugg, real estate in Ourville, \$1 and other considerations.

KAUFMAN FAVORITE.

New York, Oct. 5.—A. Kaufman and Dave Barry will meet in a six round go before the Industrial Athletic club Friday night. Kaufman is the favorite, but Barry has many friends who look to have him put it all over Billy Delaney's champion.

The Paris Union of Cripples is arranging a swimming match, open to cripples only, to be held in the Seine.

According to official statistics there are now 34,469 Japanese subjects in Manchuria.

ABOUT PEOPLE

Short Personal Items Gathered During the Day.

Mr. Fred Owen of Mt. Vernon was in Newark Monday on business.

Miss Edith Stone has been the guest of Miss Hazel Ryan for the past week.

Mrs. Frank A. Woolson of Mt. Vernon visited with friends in Newark, Monday.

Miss Lora Rine of Newark is the guest of Mrs. Albert Atkinson.—Coshocton Times.

Miss Lottie McDonnell of Chicago is the guest of her cousin, Mrs. Alice Cody of Eastern avenue.

Mr. and Mrs. J. A. Black of Woods avenue left today for a trip through Indiana, Illinois and Kentucky.

Miss Louise Thrapp left today for Lakeside, Ottawa county, where she will visit her sister, Mrs. Robert Hogg.

Miss Hazel Ryan entertained informally at her home on Indiana street, Friday evening complimentary to her guest, Miss Edith Stone. The

CENTERBURG IS IN FAVOR OF NEW ELECTRIC LINE

COL. ALBERT BOONE PROPOSES TO BUILD ROAD INTO NEWARK.

Has Proposition on Foot to Reach Canal Coal in the Flint Ridge Fields.

Zanesville, Oct. 5.—Col. Albert Boone publishes a report from Centerburg quoting L. M. Bell, W. T. Leatherman, C. L. Bowers, Edward Dailey and M. C. Aleridge, who investigated the proposed street railroad from Centerburg to Mt. Gilead or Marion, also from Centerburg to Delaware and from Centerburg to Newark. The committee reports that the cost to promote and get the road ready for the market would be \$340 a mile and approves of the proposition.

Col. Boone says that the charter papers will go to the secretary of state today for a line that will join the Centerburg line both at Newark and Hanover to be known as the Zanesville, Glenford, Columbus, and New Lexington, 'Somerset' Newark and Flint Ridge Coal and Traction company. The Flint Ridge division will leave Kents and run via Gratiot and Cottage Hill to Hanover. Flint Ridge is 10 miles long and one mile wide. In this ridge are 3 million tons of canal coal, covered by a vein of fire clay. Coal also is to be tapped.

The Centerburg line will be promoted and built by divisions.

First division—Delaware via the old railroad grade and Rich Hill to Centerburg.

Second division—Centerburg via Croton, Appleton, High-water, Norman, Vanatta and Newark to Hanover.

Third division—Centerburg via Bloomfield, Marengo, Ashley, and Westfield to Marion.

Fourth division—Centerburg via Locke, Homer, Utica, Hanover, Nashport, Irville to Gilbert—here to tap the Cambridge-Coshocton Coal Belt road of the Boone-Bone Electric system of Ohio.

A Nation of Cripples—Rheumatism Beyond Control.

The Only Hope for Rheumatic Sufferers is Tric-O Treatment.

Rheumatism continues to spread as it has in the past few years, it would seem as though we would before long become a nation of cripples. The terrible destructiveness of this disease is apparent on every side of us. Almost nine out of ten of the cripples one meets had their affliction brought on by rheumatism. How many thousands more there are that are hopelessly bedridden and whom we never see. Rheumatism, from the very nature of the disease, can never cure itself, and it neglected is bound to grow worse rather than better. If you ever have had twinges of rheumatism, go to your druggist and get a bottle of Tric-O. It will cure you and it is the only treatment in the world that will cure you permanently and thoroughly. Tric-O cures by its direct action on the muscles, blood and kidneys. It seeks out the poisonous Uric and Rheumatic Acid and drives it from the system and it is only a treatment of such a nature that will ever cure rheumatism. Liniments and plasters only serve to drive it from one spot to another. The only cure for Rheumatism, because it is primarily a blood disease, and until the blood is cleared from the poison, a cure cannot take place.

There never was a case of Rheumatism that Tric-O could not cure and you should not put off taking it. You can get Tric-O free of charge if you wish. Just cut out the advertisement and send it to the Smith Drug Co., 362 Smith Building, Newark, New York, together with your name and address and the name of your druggist and state that you have never used Tric-O and would like to try it. They will give you free through your druggist, a 75-cent bottle which you can test and try to your own satisfaction. Tric-O is sold and personally recommended in Newark by Frank D. Hall, North Side Square.

ABOUT PEOPLE

Short Personal Items Gathered During the Day.

Mr. Fred Owen of Mt. Vernon was in Newark Monday on business.

Miss Edith Stone has been the guest of Miss Hazel Ryan for the past week.

Mrs. Frank A. Woolson of Mt. Vernon visited with friends in Newark, Monday.

Miss Lora Rine of Newark is the guest of Mrs. Albert Atkinson.—Coshocton Times.

Miss Lottie McDonnell of Chicago is the guest of her cousin, Mrs. Alice Cody of Eastern avenue.

Mr. and Mrs. J. A. Black of Woods avenue left today for a trip through Indiana, Illinois and Kentucky.

Miss Louise Thrapp left today for Lakeside, Ottawa county, where she will visit her sister, Mrs. Robert Hogg.

Miss Hazel Ryan entertained informally at her home on Indiana street, Friday evening complimentary to her guest, Miss Edith Stone. The

game of the evening was Pedro. At a late hour dainty refreshments were served.

Mrs. C. F. Maynard of Newark spent the day here the guest of her mother, Mrs. Hiram Bell, and went to Cadiz.—Coshocton Times.

Mrs. Caroline Snyder of Lima, O., is visiting her daughter, Mrs. W. S. Berry and granddaughter, Mrs. Ray Penick of Channel street.

Miss Nora Keagy, state president of the Daughters of Rebekah, is in the city to attend the Rebekah convention to be held in Granville Wednesday.

The Misses Blanche and Bessie Hankinson of Granville spent Friday and Saturday at the home of Mr. and Mrs. F. E. Nash and family of Central avenue.

Mr. Arthur Dollison, formerly of Newark, and now of McFarland, Kansas, is here making a short visit with his parents on Vine street. Since leaving Newark Mr. Dollison has made rapid advancement in his chosen occupation of railroading and is now running an engine out of McFarland, Kansas.

Fire Chief Louis Bausch and wife left for Washington, D. C., where Mr. Bausch will attend the Fire Chiefs' convention, being held in that city. In the meantime Mrs. Bausch will visit at her old home in Philadelphia. At the conclusion of the convention Mr. and Mrs. Bausch will visit the Jamestown Exposition, New York, Norfolk and other points.

MAGNETISM

WILL BE THE ATTRACTION AT THE AUDITORIUM THEATER THURSDAY NIGHT.

And the Boy Phenomenon the Magnet That Will Draw the People to See Him Cure Afflicted.

The young man known as the Boy Phenomenon, so called because he was born with a phenomenal gift of Human, or Vital Magnetism, will treat the afflicted poor at the Auditorium Thursday and Friday nights, free of charge. All on canes and crutches, the deaf and paralyzed, are invited. The Buffalo Review says of his recent appearance there:

"The Boy Phenomenon, as he is called, began a brief engagement at the opera house last night, and a large and thoroughly appreciative audience witnessed his work, which was pronounced by all to be really wonderful."

The young man, by his power what it may, is a marvel, and his work last night stamps him as a wonderful character. The lame and the halt and the physically disabled, many of whom were known to all, presented themselves for treatment, and this man, by the laying on of hands, sent them from the stage apparently well. Whether his gift be that of magnetism or what not, the writer will not presume to say; but the solid, substantial fact remains that well known people presented themselves for treatment last night and after he had worked with them they pronounced themselves as absolutely freed from the ills from which they have been known to be sufferers for years past.

The scene at the opera house was most impressive. Most were skeptical, many muttered at what they considered the healer's presumption, but all were impressed by the performance. Last night's performance was a marvel.

Among those who were treated successfully and who are loud in their praises of the wonderful healer, are:

Charles Ralhaus, 640 Morris avenue, rheumatism or right leg and knee, had to be assisted to stage. After treatment came was thrown away and could walk with perfect ease.

Mrs. Charles McClay, 208 Brier Hill, inflammatory rheumatism in upper and lower extremities, suffering with pain and stiffness of joints, after treatment pains all gone and could walk across the stage with ease.

J. B. Walker, deafness, 720 Ralston avenue, could not hear loudest sounds. After treatment could hear speaker from his seat in the audience.

Mrs. Monroe Johnson, 234 Boardman street, paralysis of left side, of long standing, completely relieved after few minutes' treatment.

Mrs. J. A. McDaughy, 17 Prospect street, facial paralysis, suffering intense pain in face, relieved after few minutes' treatment.

Martin Burt, 325 Garland avenue, deafness and rheumatism, perfectly relieved from pain and deafness after several minutes' treatment.

Master Martyn Sheridan, 419 Pratt street, 3 1/2 years old, could not walk without dragging foot; after five or six minutes' treatment could walk with ease.

Let the skeptics say what they will facts are stubborn, and facts are to be dealt with when the cures of this man are faced."

The founder is said to deposit 7,000,000,000 eggs in the course of a year.

Russia celebrates 86 general holidays each year.

Comb Out?

Better be on the safe side. Ask your dealer about Ayer's Hair Vigor. Then do as he says. He knows what is best.

Is your comb telling a story, the story of falling hair? Not a pleasant story, is it? It ends badly. The story we tell is pleasant—the story of Ayer's Hair Vigor. Promptly stops falling hair, destroys dandruff, keeps the scalp healthy. Does not color the hair.

PHYSICIANS CURE SKIN WITH SIMPLE REMEDY.

Noted Eczema Specialist. Comments on a Proven Specific for Skin Diseases.

Physicians everywhere continue their praise for ordinary oil of wintergreen in a wonderful specific for Eczema and other itching skin diseases. This liquid, pure and clear as water, externally applied has instant effect. A few drops on the burning, itching sore causes instant relief, and a short continued use gives a complete cure.

Dr. C. B. Holmes of Silver City, Miss., is so enthusiastic about this remedy—D. D. D. Prescription—that he declares in a letter to the D. D. D. Company of Chicago that this "great remedy is as near a specific for Eczema as is quinine for malaria."

"I have been using you D. D. D. for four years with gratifying results," writes Dr. Holmes.

There are thousands of other physicians who use D. D. D. Prescription, the oil of wintergreen specific. D. D. D. cures and it is so clear to use. If we did not know what D. D. D. will do we would not recommend it to our friends and patrons. Frank D. Hall, druggist, Newark, O.

Call at our store anyway and let us see the nature of your skin trouble.

WORMS

"I had for years suffered from what medical men called Dyspepsia and Catarrh of the Stomach. In August I purchased a box of Cascarets and was surprised to find that I had 'em'—yes—a wiggle, explaining more left me. Judge our doctor's surprise when I showed him thirty feces, and in another week the usual undercoat of the same length of a tape-worm that had been annoying my vitality for years. I have enjoyed the best of health ever since. I trust this testimonial will appeal to other sufferers." Chas. Blackstock, 1235 Divinity Place, West Philadelphia, Pa.

THE FRANKLIN NATIONAL BANK NEWARK.

AMUSEMENTS

The authors of "Simple Simon Simple," which will be the attraction at the Auditorium tonight, have provided a play which is entirely different from other musical attractions. The only possible criticism would be that there is too much fun for a single show and too many big musical hits for a single production. There are six comedians and each vies with the other in producing laughs. One such musical number as "Dear Old College Days" would have made the show a hit and there are a dozen more numbers in "Simple Simon Simple," which are equally as good. It is certainly a bargain in fun.

"UNCLE TOM" DRAWS WELL.

For the first time in the present theatrical season "Uncle Tom's Cabin" played in Newark. Two shows were given at the Auditorium and in both cases the house was packed. The show was good and the cast with one or two exceptions were strong in their parts. A very excellent band was carried by the company and two concerts were given. The scenery was especially good and clean, and the costumes conformed well with the story and times.

"SIS IN NEW YORK."

There is so much real sorrow in everyone's daily life that many refuse to attend the dramatic offerings we get at the local theaters and witness even mimic grief and suffering, and it in a great measure accounts for the popularity of the lighter vein of plays where the purpose of both author and actors is to supply as much excuse for laughter as possible. "Sis in New York" is announced for next Saturday afternoon and night, and it is not worth while going into detail. She is the same old jolly, pig tailed "Sis" and she hasn't lost any of her Indiana fun makers on the trip to the metropolis.

JUST MISSES BEING A TRAGEDY.

The second act of "The Girl from Out Yonder," in which Adelaide Thurston will be seen at the Auditorium next Monday evening, starts off with a splendid comedy scene between Ben Cook and Cousin Simonson, in which the old sailor asks the

MISS ADELAIDE THURSTON.

reluctant widow for the 35th time to marry him, and is, of course, refused. The action goes from this scene to a very pretty love affair between Florsam (Miss Thurston) and Edward Elmer, winding up with an intensely dramatic situation where Joey Clarke the jealous fisher-boy lover, tells Elmer that Florsam's father is the murderer of his (Elmer's) father. It just misses being a tragedy.

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

Farmers are experiencing considerable difficulty in securing help to cut their corn.

W. A. Searles is in attendance at the Coshocton fair this week.

Mr. Lozo Higgins and family have been visiting relatives in Bucyrus since Saturday.

Rev. T. E. Kennedy will go to Maxtown Saturday and preach for the Maxtown people Sunday at 10 a. m.; also at Jefferson Chapel at 3 p. m., Sunday.

EVENING CLASSES AT Y. M. C. A.

A Large Enrollment—Some New Classes Begin This Week.

The evening school at the Y. M. C. A. has begun its classes with the largest enrollment in the history of the school. Courses have been arranged to suit the needs of both factory and office men. Including courses in mathematics, drafting for machinists and carpenters, a commercial course in bookkeeping, penmanship and stenography for clerks and office men, a course for working boys in the common branches, and a course for foreigners to teach them a speaking, reading and writing knowledge of our language.

The commercial course in bookkeeping, penmanship and stenography will begin work tonight. Either one or all of these subjects may be taken at one time. This course will prove of immense value to any clerk in town. Several of our business men have enrolled for the course in bookkeeping.

The class in English for foreigners begins next Monday night. This class bids to be one of the largest in the school. Every foreman and employer in the city would be doing their men and the association a great favor by calling the attention of the men to this class. This is the first and important step in the process of Americanizing our foreign element. It will help much to make the men intelligent workmen.

The B. and O. apprenticeship school continues to be conducted by the association. Forty-five men are enrolled in this department.

A series of practical talks on "First Aid to the Injured" and on "Sexual Hygiene" are being arranged by the educational and physical departments. Further announcements of these will be made later. The educational work of the association is helping to meet a large need in the city, and is proving one of the most popular and valuable features of the work.

ONE DISTRICT

To be Formed Uniting Fifty Machinists' Locals Along the Vancorbilt Lines.

Cleveland, Oct. 8.—The road machinists in the district covered by the Vanderbilt lines will hold a referendum vote on the question of uniting the 50 locals along these lines in one great district. This action was decided at a meeting of machinists' delegates in Cleveland and follows the centralization system in vogue along Western lines.

The proposed district will be divided into section as follows: New York Central, A; West Shore, B; Lake Shore, C; Pittsburg & Lake Erie, D; Lake Erie & Western, E; Big Four, F; Michigan Central, G; Indiana Southern, H.

The new organization is proposed to facilitate the signing and enforcing of agreements on lines affected.

CHARGES FOR OBITUARIES

AND CARDS OF THANKS.
Readers will kindly take notice that there is a charge of five cents a line (six words to the line) for all obituaries exceeding 15 lines, (30 words). We print all obituaries less than 15 lines in length free of charge. Cards of thanks we charge five cents a line (six words to the line.) The minimum charge of cards of thanks is 25 cents.

Irish Secretary Coming.
Dublin, Oct. 8.—Sir Anthony Patrick McDonnell, under secretary to the lord lieutenant of Ireland, has arranged to leave here Oct. 15 on his visit to the United States, where he will spend about one month. The visit to the United States of the under secretary is non-political, but he will be accessible to men of influence interested in Ireland, and if he meets any such he will doubtless expound the merits of his Irish policy.

For participation in the recent riots at Kan Chow Fu the Chinese government has arrested and punished 20 rioters. One hundred "Boxers" have been killed by government troops at Canafu.

HAS RELIEVED MANY

Prepare It at Home by Shaking Ingredients Well in a Bottle.

What will appear very interesting to many people here is the article taken from a prominent health journal giving a simple prescription, as formulated by a noted authority, who claims that he has found a positive remedy to cure almost any case of backache or kidney or bladder derangement, in the following simple prescription, if taken before the stage of Bright's disease:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime.

A well known local druggist, when asked regarding this prescription, stated that the ingredients are all harmless, and can be obtained at a small cost from any good prescription pharmacy. He further stated that while this prescription is often prescribed in rheumatic afflictions with splendid results, he could see no reason why it would not be a splendid remedy for kidney and urinary troubles and backache, as it has a peculiar action upon the entire kidney structure, cleansing these most important organs and helping them to sift and filter from the blood the foul acids and waste matter which cause sickness and suffering. Those who suffer can make no mistake in giving it a trial.

CITY COUNCIL

HELD A SESSION MONDAY NIGHT AND TRANSACTED ROUTINE BUSINESS.

Paving, Sidewalk and Sewer Legislation—Mayor's Report—Transfer of Funds.

Council met in regular session with Councilmen Beadle, Knip Conrad, McNeally, Caine Hughes and Moser present. President of the Council Harry Roessel presided. Solicitor F. A. Bolton, Mayor McCleery and Auditor F. T. Maurath were also present.

It had been rumored that one of the members intended to give one of the departments a good raking but for some reason or other it was not forthcoming. The business of the evening dragged along in a slow manner materially assisted by the introduction of a number of resolutions which should never have found their way to the council chamber.

An ordinance which had been introduced and given its first reading at the previous meeting and which was defeated for passage under a suspension of the rules, was given a second reading last evening and passed unanimously. It was an ordinance appropriating money earned as interest from the water works fund and which will be used in the construction of the new municipal plant.

After Clerk Munch had called the roll the street committee reported that they had instructed the engineer to prepare plans for the construction of a sewer on Buckingham and Eddy streets and Central avenue.

Mayor McCleery's report for the month of September was read and filed. It shows that during the month his honor had collected the following sums: Collected for the county, state fines, \$94.50; costs of chief of police, \$31.60; collected for the city, licenses, \$78.75; fines, \$3205; costs, \$32; total, \$444.85.

The report of the special election on the water works question was next read by Clerk Munch, after which a petition was introduced by Councilman Conrad signed by residents of Locust street, representing 356 feet frontage asking that Locust street be paved from Fourth to Fifth streets. Dr. D. H. Miller spoke on the subject in behalf of the petitioners, stating that the road was in very bad condition and especially was this true during the rainy season when water would sometimes stand in the streets for a period of six to eight weeks. The petition was received and filed.

An ordinance was introduced by Councilman Beadle and passed under a suspension of the rules providing for the improvement of North avenue by the construction of an 8 and 12-inch drain and sanitary sewer.

Councilman McNeally introduced an ordinance asking for the improvement of North Fourth street from Log Pond run to North street by paving the roadway. It was passed under a suspension of the rules.

An ordinance introduced by Mr. McNeally was passed under a suspension of the rules which authorizes the city to issue notes to borrow the sum of \$12,340 to pay for the paving of the roadway on North Fourth street.

An ordinance introduced by Mr. McNeally was passed under a suspension of the rules which provides for the transferring of \$1,600 from the contingent to other funds. Before a vote was taken on this ordinance Councilman Conrad asked for what purpose the money would be used and was informed that it was wanted for the construction of a sewer from Geo. Warner's corner on South Third street to Second street, north of the

Panhandle depot to Second street. Mr. Christian of the Board of Public Service stated that after a heavy rainfall water would stand in the street and on the pavements to a depth of several inches.

An ordinance introduced by Mr. Conrad and passed under a suspension of the rules, authorizes the city to issue notes for the sum of \$43 to borrow money for the purpose of constructing a sidewalk at the corner of Buena Vista and East Main streets.

An ordinance introduced by Councilman King was given its second reading and passed under a suspension of the rules, appropriating \$5,302.19, interest earned on the water works fund, to be used in the construction of the new municipal water works plant.

The following resolutions were introduced and adopted:

By Mr. Hughes—Instructing the engineer to prepare plans and specifications for a sanitary sewer on Fifth street from the Ohio Canal to Pataskala street and on Pataskala street from Fifth to Fourth street.

By Mr. Conrad—That the estimating committee appointed by council and who estimated the assessments on Oakwood avenue be paid the sum of \$30 each for their services.

By Mr. Moser—To gravel Cambria street from State to Sixteenth streets.

By Mr. Beadle—To grade Essex street from East Indiana avenue to Maiden street.

By Mr. Beadle—To gravel Oakwood avenue from East Main street to Maiden street.

By Mr. Beadle—To gravel Lawrence street from the first alley north of Morris street to the Pennsylvania tracks.

By Mr. Moser—To gravel Wehrle avenue from the creek to the canal.

A resolution by Mr. King was given its second reading which provides that the engineer prepare plans for the construction of a sewer on Central avenue from Hoover to Ash streets.

On motion council referred back to ordinances on first reading and Mr. Conrad introduced an ordinance providing for the construction of a sewer on Walnut street from Third to Second streets. It was passed under a suspension of the rules.

The Chief Consulting Physician in charge of the Boy Phenomenon has secured apartment, at the newly remodeled and handily furnished Warden Hotel, Newark, where a double suite of rooms have been especially fitted up and arranged into private offices, private reception rooms, private consultation rooms and treatment rooms during his short stay in Newark, where all who desire private magnetic treatment at the introductory reduced prices, may call at any time during the next two weeks, commencing Friday, October 11, and receive consultation, a thorough diagnosis and advice by the consulting physician, who prescribes and directs all treatment, after which, if found curable and treatment is desired, a price which is within the reach of all will be named and appointment made for treatment, at the reduced prices as after the first two weeks, the regular prices will be charged. Office hours daily, except the Sabbath, from 10 a. m. to 5 p. m. and 7 to 9 evenings at

THE WARDEN HOTEL

WORKMEN STRIKE

Mr. Vernon O. G. Smith, strike among the brick layers' helpers, on Monday morning on the 11th, announced building at the state prison is a contribution, cost of the city. The men have been working 20 cents an hour, and Monday morning they demanded 25 cents an hour from Contractor Evans. The contractor refused to increase the wages of the men and consequently a dozen or more of the helpers walked out. By the strike of the helpers at a 20 cent hour, are thrown out of work and until the strike is settled or other helpers are employed to take the places of the helpers, work on the administration building is practically at a standstill.

NEW CONVENTION GIVES TO CHINA HERALD RIGHTS

Peking, Oct. 8.—A new telegraph convention between Russia and China was signed here. Under it China recovers all her previous telegraph rights in Russian Manchuria and 21,000 miles of lines and connections are formally turned back to her. Russia surrenders the privileges she has exercised since the boxer outbreak and in the future will pay telegraph royalties to China. This is quite different from the Japanese procedure in Manchuria. Japan increased her claims for telegraph and telephone privileges and extended both methods of communication in defiance of the sovereignty of China, entangling this matter with entire political question in Manchuria.

Korean Boundary Dispute.
Peking, Oct. 8.—The Korea-Manchuria boundary dispute between China and Japan is at a deadlock. Three battalions of Chinese troops, who were given orders to occupy Chentao, were stopped by Japan's protest to China and the presence on the order of a detachment of Japanese troops under command of a lieutenant colonel. China relies for justification of her claim to Chentao on an acknowledgment by the emperor of Korea about 17 years ago that her sovereignty extended there, while Japan relies upon the predominance of Korean interests and actual possession of the town.

Bitten By a Spider.

Through blood poisoning caused by a spider bite, John Washington of Bosqueville, Texas, would have lost his leg, which became a mass of running sores, had he not been persuaded to try Bucklen's Arnica Salve. He writes: "The first application relieved, and four boxes healed all the sores." Heals every sore. 25c., at F. D. Hall, the druggist's.

ROBT. WILSON IS TRANSFERRED TO COUNTY JAIL

Robert Wilson was on Monday transferred from the city prison to a cell on the second floor of the county jail. He went quietly and walked to his cell, curious only as to the location. The second floor men are incarcerated for offenses of a criminal nature and the guests of Sheriff Redman on this floor are a strange mixture.

Wilson is allowed the same corridor privilege during exercise time as the other prisoners and is supplied with books, papers and magazines. He will be allowed to see his friends during visitors' time and as long as he is quiet and orderly he will be allowed all the liberties of a man in for a lesser offense.

B. O. Chesshire of Granville is well acquainted with the Wilson family in Stafford county, Kansas, and says they are people of excellent reputation and are highly thought of where they are known. Mr. Chesshire has gone to Kansas on business and will in all probability see the Wilson family.

He was well liked by the other prisoners in the city prison and already he has been taken into the confidence of the men in the jail. He is not reticent in talking about the fight and his story is clear and concise.

JAS. F. LINGAFELTER ENGAGED AS CLERK IN PENITENTIARY

Has Privileges That Are Denied Many Behind Walls—Talks to Advocate Reporter.

James F. Lingafelter, confined in the Ohio penitentiary on the charge of wrecking the Homestead Building and Savings Bank is apparently not having a very hard life of it.

An Advocate representative called on him Sunday and found him in the best of health, his hopes buoyed up with the expectation that a higher court would pass favorably on his application for a rehearing.

Lingafelter is employed in the office of the superintendent of construction, and as such has many privileges denied other prisoners. He may talk all he pleases with those having business in the office and also has the run of the yards. He is engaged as a clerk, keeps a set of books and the office is neat and cozy throughout. He is not locked up on Sundays as are the other prisoners after dinner, but may spend the wearisome hours in reading or visiting with the other employees of the office.

Mr. Lingafelter informed the Advocate that he was in the best of spirits and considering the circumstances the best of health. He wears his Grand Army button and takes great pleasure in discussing his war record. Referring to his trouble he said that some day the truth and all the facts connected with the bank's affairs would become known.

"Why," he continued in impassioned tones, "I never lent any sum over \$100 without consulting the directors. I have the books of the institution safely locked away in a good safe in Newark, where no one can reach them, and in time they will be produced and will assist in clearing me of some of these ugly charges. Just think, bank fixtures that cost over \$3,000 sold for the paltry sum of \$300."

"Ninety-nine out of every hundred of my former fellow citizens would like to see me released. And the time is coming when I will be, too."

Mr. Lingafelter was sentenced to a period of four years it will be remembered, beginning his sentence March 6. He is a model prisoner and will shorten his time in the big prison by good behavior to two years and nine months.

RECIPROCITY

Favored by Cyrus McCormick, the Wealthy Manufacturer After Return from Europe.

New York, Oct. 8.—Cyrus H. McCormick, head of the International Harvester concern, bearing his name, has just returned from a business trip to Europe. When asked as to the general trade conditions in Europe, he said: "From an agricultural implement standpoint, the situation is satisfactory, although the harvests in Romania, central and southern Russia and parts of Hungary and Italy have been somewhat disappointing. While American manufacturers of harvesting machines are making most gratifying progress in the world's markets they are badly handicapped by the unfavorable tariff restrictions of many foreign nations. If fair reciprocal trade agreements could be negotiated between the United States and the leading foreign nations it would give a tremendous impetus to the foreign trade of American manufacturers."

Next Door to the Post Office **MEYER & LINDORF** The Store That Serves You Best

IN CINCINNATI

The Meeting of German-American Alliance Will be Held Next Year. Re-elect President.

New York, Oct. 8.—With three cheers for President Roosevelt and three more for Emperor William of Germany, the convention of the German-American National Alliance adjourned to meet next year in Cincinnati. President Hexemer's announcement that he would not under any circumstances accept re-election had no effect whatever when the convention voted for new officers for the coming year. No other delegate would stand against Dr. Hexemer and he was carried around the hall on the shoulders of the delegates until he consented to serve another year. Before the convention adjourned it was voted to co-operate with alliances of other nationalities with regard to the immigration question.

COMMITTEE GOES TO COLUMBUS

At a meeting of the board of trade held last evening W. L. Prout, Dr. I. N. Palmer, F. P. Kennedy, F. C. Evans, Carl Norpell and J. H. Newton were appointed a committee to go to Columbus and meet with the committee of the State Board of Charities and present this city's claims for the establishment of the state home for crippled children. The committee from this city left this morning. There are 47 towns that want the institution, and each will be given an opportunity to present its claims.
